50, UNIST-gil, Eonyang-eup, Ulju-gun, Ulsan, Republic of Korea

RESEARCH INTERESTS

Human-centric deep learning and computer vision, including human/hand pose estimation, 3D reconstruction, and generation. Robotic vision tasks, including dexterous robot hand detection and pose estimation.

PROFESSIONAL EXPERIENCE

- **UNIST** Oct. 2025 -
Ulsan, Republic of Korea
Postdoctoral researcher
 - Mentor: [Prof. Seungryul Baek](#)
 - Topic: 3D Hand-Object Generation, Dexterous Robot Hand Pose Estimation
- **University of Birmingham** Sep. 2024 - Dec. 2024
Birmingham, United Kingdom
Visiting Research Student
 - Mentor: [Dr. Hyung Jin Chang](#)
 - Topic: Human Pose Estimation, Multi-Dataset Training

RESEARCH EXPERIENCE

- **UNIST** Jan. 2019 - Jun. 2019
Ulsan, South Korea
Research Intern
 - Mentor: [Prof. Jaesik Choi](#)
 - Topic: Question Answering (NLP)
- **UNIST** Mar. 2018 - Dec. 2018
Ulsan, South Korea
Research Intern
 - Mentor: Prof. Tsz-Chiu Au
 - Topic: Traffic Prediction
- **KAIST** Dec. 2017 - Feb. 2018
Daejeon, South Korea
Research Intern
 - Mentor: [Prof. Sung Ju Hwang](#)
 - Topic: Question Answering (NLP)
- **UNIST** Sep. 2017 - Dec. 2017
Ulsan, South Korea
Research Intern
 - Mentor: [Prof. Sung Ju Hwang](#)
 - Topic: Question Answering (NLP)

EDUCATION

- **UNIST** Sep. 2021 - Aug. 2025
Ulsan, South Korea
Ph.D., Artificial Intelligence
 - Adviser: [Prof. Kwang In Kim](#), [Prof. Seungryul Baek](#)
 - Area of Study: Human Pose Estimation, Multi-Dataset Training, 3D Hand-Object Interaction Generation
- **UNIST** Sep. 2019 - Aug. 2021
Ulsan, South Korea
M.S., Computer Science and Engineering
 - Adviser: [Prof. Kwang In Kim](#)
 - Area of Study: Human Pose Estimation, Metric Learning
- **UNIST** Mar. 2015 - Sep. 2019
Ulsan, South Korea
B.S., Computer Science and Engineering

PUBLICATIONS

- [C3] **THOM: Generating Physically Plausible Hand-Object Meshes From Text**
Uyoung Jeong, Yihalem Yimolal Tiruneh, Hyung Jin Chang, Seungryul Baek, Kwang In Kim
The IEEE/CVF Computer Vision and Pattern Recognition Conference (CVPR) Findings, 2026 (accepted)
- [C2] **PoseBH: Prototypical Multi-Dataset Training Beyond Human Pose Estimation**
Uyoung Jeong, Jonathan Freer, Seungryul Baek, Hyung Jin Chang, Kwang In Kim
The IEEE/CVF Computer Vision and Pattern Recognition Conference (CVPR), 2025, Nashville, TN
- [C1] **BoIR: Box-Supervised Instance Representation for Multi-Person Pose Estimation**
Uyoung Jeong, Seungryul Baek, Hyung Jin Chang, Kwang In Kim
34th British Machine Vision Conference (BMVC), 2023, Aberdeen, UK

TEACHING EXPERIENCE

- **UNIST** Sep. 2023 - Oct. 2023
Instructor, AI Graduate School Course Program
◦ Mentor for high school students, introducing AI graduate school course topics.
◦ Topic: basics of deep learning, demos for SAM and ChatGPT.
Ulsan, South Korea

- **UNIST** Sep. 2023 - Dec. 2023
Teaching Assistant, AI Toolkit course, AI Graduate School
Ulsan, South Korea
- **UNIST** Sep. 2020 - Dec. 2020
Teaching Assistant, Discrete Mathematics course, School of Computer Science
Ulsan, South Korea
- **UNIST** March. 2020 - June. 2020
Teaching Assistant, AI Programming course, Division of General Studies
Ulsan, South Korea
- **UNIST** Jan. 2020
Instructor, Deep Learning Study Program
Ulsan, South Korea
◦ Mentor for undergraduate students, introducing basic machine learning materials.
◦ Topic: linear regression, gradient descent, image classification.

- **UNIST** Sep. 2019 - Dec. 2019
Teaching Assistant, Advanced Machine Learning course, School of Computer Science
Ulsan, South Korea

REVIEWER SERVICES

- CVPR 2025
- AAAI 2026
- BMVC 2024, 2025
- IEEE Transactions on Circuits and Systems for Video Technology 2023
